

Welcome to the World of Healy!

The Wearable Device for Holistic Health, Wellbeing and Vitality

Healy is a small and practical device (controlled by your smartphone) that uses Individualized Microcurrent Frequency (IMF) programs to harmonize your Bioenergetic Field for many important areas of life.

The whole human organism is based on a transfer of molecules, energy and information. The Bioenergetic Field (BEF) is the flow of life energy connecting body, mind and soul, traditionally known as Chi (or Qi) and Prana.

In scientific terms:

An information flow on the quantum level.

"If you want to find the secrets of the universe, think in terms of energy, frequency and vibration."

Nikola Tesla

"All matter consists of energy vibrating at different frequencies. Therefore, Healy technology is based on my belief that electromagnetic fields vibrating at Quantum Analyzed Frequencies can provide the body with the information and energy it needs to harmonize its own energetic self-organization and self-repair. These specific frequencies can take the Bioenergetic Field of the body to a state of higher order, manifesting itself in Holistic Health, Wellbeing and Vitality."
